Treasurer's Report

Treasurer Richard L. Frothingham commented on various aspects of the financial condition of The Trustees of Reservations and the results of operations during the past year. He noted that the total resources of The Trustees of Reservations were approximately \$6,630,000 at the end of the 1971 fiscal year, compared to about \$6,400,000 at the end of the 1970 fiscal year. Total income from investments, including income from the Budd funds, increased from \$375,000 in 1970 to \$385,000 in 1971. Operating income increased from \$225,000 to \$235,000, and total net income increased from \$649,000 for fiscal 1970 to \$667,000 for fiscal 1971.

During this same period headquarters expenses increased from \$130,000 to \$143,000, but this was offset by a decline in Reservations expenses from \$406,000 to \$379,000. Total expenses for fiscal 1971 were \$662,000 as compared to \$646,500 for fiscal 1970. These expenses reflect the transfer of \$140,000 in 1971 to the Reserve Account for Land Acquisition, Repairs, Replacements and Extraordinary Expenditures to defray the cost of certain special items of a non-recurring nature.

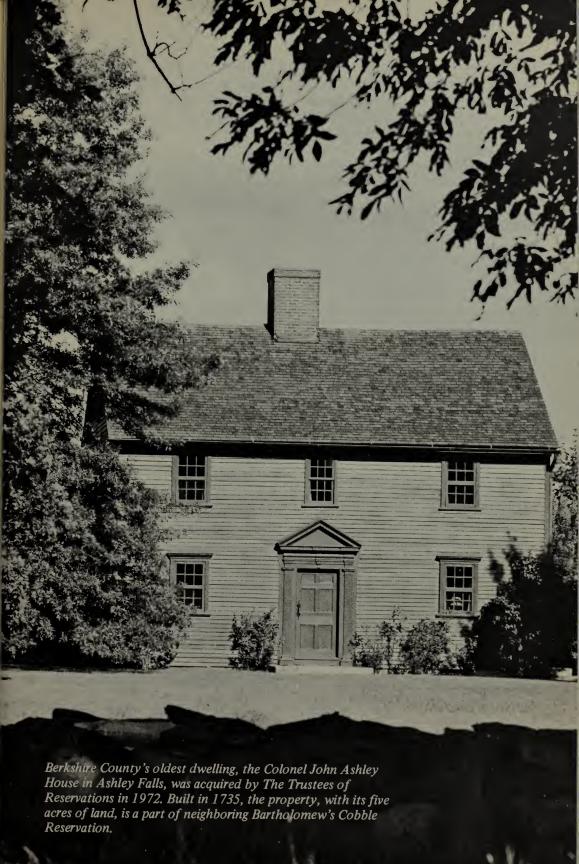

The Treasurer's complete report will be printed in the Trustees' Annual Report for the year 1971.

REPORT OF THE DIRECTOR

Almost 81 years ago to this day, on January 31, 1891, to be exact, Mr. Henry L. Parker of Worcester, senior member of a study committee "on the preservation of beautiful and historic places", presented the final draft of a proposed act of incorporation which was to become The Trustees of Reservations.

The Act was approved by the Great and General Court and signed by Governor William Eustis Russell on May 21, 1891.

Since that day, The Trustees of Reservations has played a major role in preserving the natural environment of the Commonwealth of Massachusetts.

53 OPEN SPACE AND HISTORIC AREAS It now holds for public enjoyment 53 open space and historic areas from the hills of Berkshire County to Cape Cod and Martha's Vineyard.

They total more than 11,400 acres of seashore and woodlands, rivers and streams, wetlands, marshes and wildlife areas. Three of its properties are National Historic Landmarks; one, a National Natural Landmark.

The Trustees of Reservations divides its responsibilities into three general categories.

The first is the acquisition and protection of significant open space areas within the Commonwealth. Some of these are new properties which become Reservations with distinctive characters all their own. Others are lands added to existing properties to further the original purpose of a Reservation, to increase its ecological interest and, at times, to protect its special qualities and resources from the effects of inconsistent uses which may take place on land around it.

The second area of responsibility provides for the public use and enjoyment of properties already owned by The Trustees of Reservations. It involves their management, professionally planned and directed with policies usually initiated by Local Committees and approved finally by the Standing Committee, the organization's policy board. A basic aim, of course, is the continued preservation of the properties' historic values and the qualities of their natural environments.

The third area of responsibility calls for the interpretation of the resources of these remarkable and widely different properties for the thousands of persons who visit them annually. In the case of our historic houses, it means a creative, instructive and enjoyable presentation of their role in America's past. Within the last few years, there has been an exciting and increasing emphasis on this area of interpretation. It is sure to grow rapidly in the years ahead.

ACOUISITION POLICIES

Acquisition and preservation policies are proposed by the Reservations Committee, Chairman Vice President John M. Woolsey Jr. and members, Standing Committee member Theodore Chase, Advisory Council member Charles W. Eliot, II and Secretary Henry R. Guild, Jr. They are then approved by the Executive Committee and ultimately by the Standing Committee.

Two years ago, concerned with the pressures on the land, the growth of development and the need for immediate action, the Reservations Committee proposed that a priority be established to acquire land to protect the integrity and environmental qualities of those properties we own already.

To be sure, there should be continued and energetic emphasis on the acquisition and preservation of new areas, but it was agreed that unless we take immediate and decisive steps to protect existing properties the very reason for holding them may be destroyed altogether.

BARTHOLOMEW'S COBBLE RESERVATION This emphasis in policy was approved by the Standing Committee and led to the campaign to enlarge and protect Bartholomew's Cobble Reservation in Ashley Falls, a unique natural area, and to add to it the oldest house in Berkshire County constructed in 1735 by Colonel John Ashley, a veteran of the French and Indian Wars.

The Ashley House is the site of the Sheffield Declaration of Independence, America's first, in 1773, as well as the famous case of Mum Bett, which led to the establishment of an enduring precedent in the field of human rights.

Under the able and energetic leadership of Campaign Chairman Mr. Morgan G. Bulkeley and Honorary Chairman Mr. Lawrence K. Miller, both of Pittsfield, the Cobble-Ashley House campaign to date has raised \$111,547. This is \$55,953 short of the three-year campaign goal of \$167,500.

At the end of 1971, a most welcome gift arrived from the Charles E. Merrill Trust of Ithaca, New York. It was a check for \$25,000 which will make possible the acquisition of the Colonel John Ashley House later this year. We are immensely grateful to the Trustees of the Merrill Trust for their generosity and support of the Cobble campaign.

NATIONAL LANDMARK STATUS

More exciting news about the Cobble also arrived as the year drew to a close. In December, 1971 we were notified that Bartholomew's Cobble had been designated a National Natural Landmark by the National Park Service, United States Department of the Interior. As an editorial in *The Berkshire Eagle* declared, with this kind of recognition and protection, "giving funds for the Cobble is thus, more than ever, a secure investment".

It is also planned to propose the Ashley House for designation as a National Historic Landmark, thereby adding new dimensions to what is already a fascinating and remarkable Reservation.

No mention of the Cobble or the Cobble-Ashley House Campaign is complete without an expression of heartfelt thanks for the energies, imagination and dedication of the campaign committee and, most especially, its chairman, Morgan Bulkeley. We are enormously grateful to him and to every campaign leader.

Under the able direction of Co-Chairman Hal Borland and Arnold Whitridge, the Cobble campaign also stretches into Connecticut and into neighboring New York state as well. Support for the campaign has been widespread and we owe thanks to donors everywhere for their interest and support.

This year the Bailey Museum at the Cobble was enlarged to make room for the display of a unique and magnificent collection of colored photos of Cobble wildflowers taken through the years by Warden-Naturalist Howard T. Bain.

MEDFIELD RHODODENDRONS

Continuing to add protection to existing properties we were delighted to receive in 1971 from W. K. Gilmore & Sons, Inc., of Walpole, a gift of some 81 acres of wetland meadow and upland at Medfield Rhododendrons Reservation in Medfield which contains one of the last remaining stands of native rhododendron. The gift continues preservation of marshland around the Stop River. We are most grateful to W. K. Gilmore & Sons, Inc., and its President, James F. Gilmore.

CAPE POGE WILDLIFE REFUGE

In 1971, thanks to the generosity of Mrs. Seth Wakeman of Edgartown, we added to Cape Poge Wildlife Refuge on Chappaquiddick Island another 22.22 acres of land at Little Neck, a rare rookery for snowy egret, blackcrown night heron and

green heron, Canada geese and other sea and shore birds.

WASQUE RESERVATION

1971 also marked the acceptance of the final parcel of land at Wasque Reservation on Chappaquiddick's lonely southern shore, which now gives the full fee to the some 200-acre area of beach and moorland to The Trustees of Reservations. Our thanks again, of course, to every donor and committee member who helped reach the remarkable goal of \$235,000, and, of course, to Campaign Treasurer and Secretary Mrs. Seth Wakeman, whose knowledge, energy and enthusiasm guided the project to its successful conclusion.

MENEMSHA HILLS RESERVATION

Thanks also to the thoughtful generosity of Nathaniel L. Harris and his sister Miss Catherine Harris we received a sixth one-twelfth undivided interest in Menemsha Hills Reservation in Chilmark, Martha's Vineyard. The property which includes a magnificent 100-foot high sand cliff, a landmark of the island's north shore, will eventually total some 149 acres.

TISBURY POND

In 1971, we also received a fourth onetenth undivided interest in some 586 acres of upland and beach on Tisbury Great Pond and the Atlantic Ocean thanks to the thoughtful generosity of Frederick N. Blodgett, Carl J. Gilbert and William B. Rogers, Jr. This magnificently beautiful natural area, a gift over a decade, harbors sea and shore birds of every description.

WARD RESERVATION

As a part of a continuing program of protection and acquisition at the Ward Reservation in Andover we purchased 17 acres in August, 1971. The property adds valuable wetland in Cat Swamp to the Reservation and closes an inholding of many

years' standing. We owe special thanks here to Local Committee Chairman John W. Kimball who organized and is directing the protection and acquisition program which has been underway for four years.

BEAR SWAMP RESERVATION

Some 8 acres were added to Bear Swamp Reservation in Ashfield during 1971 to establish a more logical eastern boundary to the property. The agreement was made to exchange 2.486 acres of land for an adjoining 10.886 acres owned by Mrs. Helene Walker of Ashfield. The 2.4 acres were a part of some 64 acres given to the Reservation by Mrs. Gouverneur Morris Phelps, also of Ashfield. The agreement to exchange parcels was made prior to Mrs. Phelps' generous gift to The Trustees of Reservations. We're most grateful to Mrs. Phelps, and to Mrs. Walker for her cooperation and concern for the management of the area.

REGIONAL MANAGEMENT

To provide our properties with protection and management of a consistently high quality, and to most effectively and efficiently serve the needs of the visiting public, The Trustees of Reservations divides its management responsibilities into three geographical regions.

They are the Northeast Management Region with headquarters at the Crane Reservation in Ipswich; the Southeast Management Region with headquarters at Rocky Woods Reservation in Medfield and the Western Management Region with headquarters at Notchview Reservation in Windsor. General headquarters are located at 224 Adams Street in Milton.

In 1971, these areas were staffed with 22 full-time employees. Seasonal demands at the now 53 Reservations across the Commonwealth raised this figure to a

total of 169 men and women, both fulltime and part-time, employed during the year 1971. A sizable proportion of these, of course, serve on the staff of the Crane Reservation in Ipswich.

VISITATION

The use of our properties is growing annually. Recorded visitation for the year is as follows: Bartholomew's Cobble, 3,975 persons; Chesterfield Gorge (recorded weekends and holidays only), 728 vehicles; Crane Reservation, 46,458 vehicles; Halibut Point (recorded weekends and holidays only), 2,185 vehicles; Lowell Holly Reservation (recorded weekends and holidays only), 221 vehicles; The Old Manse, 22,999 persons; The Mission House, 2,468 persons; Naumkeag, 2,460 persons; Rocky Woods, 33,000 persons; and World's End, 4,349 vehicles.

From these figures and others, it's estimated that some 285,800 persons visit properties owned by The Trustees of Reservations annually. Use of the areas is growing markedly during the winter months.

AMENDMENTS TO BY-LAWS APPROVED

Approval of two amendments to the corporation's By-Laws at the Annual Meeting last year increased the minimum number of members of the corporation required for a quorum and allowed for a vote by proxy. Both of these changes were designated to modernize our procedures, to add to their flexibility and to increase participation by members of the corporation in the only way deemed practical because of their wide dispersion geographically. The changes have met with unanimous and enthusiastic approval.

CONSERVATION AND PRESERVATION RESTRICTIONS

At a special meeting of the corporation

held in April 1971, members voted to expand the corporate purposes of The Trustees of Reservations to allow for the use of conservation and preservation restrictions. Besides "acquiring, holding, arranging, maintaining and opening to the public, under suitable regulations, beautiful and historic places and tracts of land within this Commonwealth," our purposes were enlarged to permit "acquiring, holding, maintaining and enforcing such conservation and preservation restrictions, easements and other interests in land, water areas and structures as it deems appropriate and in the public interest and in the manner and extent permitted by law ..." With the need to preserve open space throughout the Commonwealth growing yearly, increasing use will surely be made of conservation easements or restrictions. They have played a major role in protecting the beauty of the landscape in Great Britain and Scotland. Their use is beginning to widen here. Restricting the use and development of land and maintaining the architectural integrity of structures while still allowing the fee to remain in private ownership, easements or restrictions offer landowners and environmental organizations such as The Trustees of Reservations new opportunities in the area of conservation.

IPSWICH SALT MARSH PROTECTION PROGRAM

Conservation restrictions primarily will be utilized in a comprehensive program to increase protection of wide areas of salt marsh, and in some cases adjacent upland, in Ipswich. Salt Marsh Protection Committee Chairman is Charles H. Shurcliff of Ipswich. Other members are Professor Charles W. Eliot, II and John Carter Vincent, Jr. Professor Eliot has led efforts

to preserve the natural environment of the area for more than a decade. Mr. Shurcliff provided the initial planning and organization of the campaign. Mr. Vincent, an attorney, as well as a member of the Local Committee for the Crane Reservation, is directing the legal aspects of the program. We are most grateful to them all.

Efforts are also being concentrated on a pilot project to preserve the natural environment and scenic beauty of special areas of the Charles River. It is expected conservation restrictions will play a major role here as well.

SURVEY OF LANDSCAPE AND NATURAL AREAS

In 1971, Federal funding through the New England Regional Commission and the New England Natural Resources Center helped initiate a six-state survey of land-scape and natural areas. Coordinators of the program here in Massachusetts are The Trustees of Reservations and the Massachusetts Audubon Society. The idea for an inventory of significant areas of the Massachusetts landscape was originally proposed in December, 1969,by the Future Policy Committee of The Trustees of Reservations.

Through the efforts of former Advisory Council member Charles H. W. Foster, then President of the New England Natural Resources Center and now Secretary of the Commonwealth's Office of Environmental Affairs, the study was expanded to every New England state.

The contract for the study in Massachusetts was awarded to the Research Office of the Department of Landscape Architecture at Harvard University's School of Design. Director of the study is Garland A. Okerlund, MLA, Senior Research Associate.

The project is divided into two phases. Phase one deals with a state-wide inventory and evaluation of natural and landscape areas. Phase two continues the evaluation process and leads to a program for the protection of the areas identified. On the project committee for The Trustees of Reservations are Standing Committee members Associate Professor Peter L. Hornbeck and Dr. John W. Kimball, and Advisory Council member Professor Charles W. Eliot, II.

More than 2,500 inventory questionnaires have been distributed to volunteers throughout the Commonwealth. We are working with the Massachusetts Department of Natural Resources, the Metropolitan District Commission and the Division of Fisheries and Game as well as with the state's 296 Conservation Commissions, the Massachusetts Audubon Society, the Sierra Club, watershed associations and regional conservation organizations around the Commonwealth.

COOPERATIVE CONSERVATION PROJECTS

In keeping with our policy to help with open space projects throughout the Commonwealth, we assisted in the acquisition of two outstanding state parks for the Department of Natural Resources.

One is Borderland in North Easton, a delightful property of wetland, ponds and upland. The other is Acushnet Cedar Swamp in Acushnet which harbors a virgin stand of magnificent Atlantic white cedar. Both areas became state parks this year. We also cooperated with other agencies both public and private in the preservation of open space and, in many cases, historic sites.

INTERPRETIVE PROGRAMS

To provide planning and direction for the growth of our interpretive programs
Standing Committee Chairman Augustus

P. Loring appointed Standing Committee member Dr. John W. Kimball Chairman of a Committee on Interpretive Programs in November, 1971. Working with the committee will be Deputy Director Garret F. Van Wart and Misery Islands Superintendent David A. Ryan. Mr. Ryan is Chairman of the Science Department at the Pingree School in Hamilton, an independent secondary school for boys and girls.

Interpretive programs presently exist at the Crane Reservation in Ipswich, the Ward Reservation in North Andover, Bartholomew's Cobble Reservation in Ashley Falls, Misery Islands Reservation in Salem Bay and, of course, at The Old Manse in Concord, The Mission House and Naumkeag in Stockbridge and at the Stevens-Coolidge Place in North Andover.

The committee will study existing programs and their effectiveness. And it will outline goals and objectives for the future and propose how they may best be attained. It's anticipated that the membership of the Committee on Interpretive Programs will be expanded in the coming year.

Meanwhile, in related areas, progress continues on the demonstration forest project at 3,000-acre Notchview Reservation in Windsor. The project will emphasize management techniques designed to beautify the forest landscape. It will include an interpretive trail, now nearing completion, as well as a visual instruction facility where visitors may learn woodland management techniques and practices aimed primarily at forest aesthetics.

Other dimensions of the project deal with woodland management practices for wild-life purposes and the control of field succession.

At The Bryant Homestead also a program was initiated this summer which will lead eventually to a booklet on the Homestead and poet and statesman William Cullen Bryant's life in Cummington. Research throughout the summer was conducted by James R. Cryan, a graduate student in English at the University of Massachusetts. Work is planned to begin this spring on a booklet about The Mission House as well. And The Trustees of Reservations will shortly publish a fascinating and comprehensive history of World's End written by William H. C. Walker of Hingham and Associate Professor Willard Walker of Wesleyan University.

COOPERATIVE EDUCATION PROGRAM IN NORTH ANDOVER

A doctoral candidate in history was chosen in 1971 to design and initiate a new program in the history of North Andover, scheduled to get underway this year in cooperation with the North Andover school system.

He is John J. O'Connor, a former secondary school teacher. Mr. O'Connor received his MA in history at Harvard University and is presently a candidate there for a doctoral degree in Russian history. Mr. O'Connor and his wife and children are living at 113 Andover Street, a handsome, brick, duplex house constructed prior to 1830, a part of the Stevens-Coolidge Place.

Sponsors of the program are The Trustees of Reservations, The Merrimack Valley Textile Museum and the North Andover Historical Society.

Present plans call for sixth-grade youngsters to attend weekly sessions which will give them a glimpse into life in North Andover during the early nineteenth century. The program will be participatory with youngsters being able to spin and weave, handle early woodworking tools, manufacture candles and deal with other crafts of days gone by. The Stevens-Coolidge Place, according to initial planning, will provide youngsters with an opportunity to learn about agriculture in early North Andover. Research here is still continuing. Mr. O'Connor will also produce a documentary history of the community from 1630 and earlier, to 1855. Slides will be used in its presentation.

Educational leaders in North Andover have shown early interest in the program and enthusiasm for its objectives.

A policy committee has been formed to represent the three sponsoring organizations. Its members are: Roland B. Hammond, Jr. and Peter L. Hornbeck, The Trustees of Reservations; Henry L. Donovan, the North Andover Village Improvement Society; Thomas W. Leavitt and Mrs. Horatio Rogers, the Merrimack Valley Textile Museum; and Mrs. Richard Baldwin and Mrs. Walter Flynn, the North Andover Historical Society.

1971 CONSERVATION AWARD

On a warm and sunny Saturday, October 16, 1971, some 275 persons gathered for lunch under a marquee overlooking Weir Hill Reservation and Edgewood Farm in North Andover to applaud the presentation of The Trustees of Reservations' Annual Conservation Award to Mrs. Horatio Rogers.

The award, presented by President Charles E. Mason, Jr., was given for extraordinary accomplishments in preserving the charm and character of North Andover's Old Center. Thanks to Mrs. Rogers' imagination and leadership, the Brick Store, the Hay Scales Exchange, dwellings, churches and the open space of the Town Common are much the same today as they were in the early 19th century.

The distinguished Director and Librarian of The Boston Athenaeum, Dr. Walter Muir Whitehill, himself a resident of North Andover, described Mrs. Rogers' accomplishments, which also include the founding of the Merrimack Valley Textile Museum, with admiration and affection.

Following luncheon, guests were invited to tour historic houses in North Andover, including the Stevens-Coolidge Place, which were open for the occasion. Present at the luncheon was Mrs. Seth Wakeman of Edgartown, winner of the Conservation Award in 1970.

Head table guests were Dr. and Mrs. Horatio Rogers, Dr. and Mrs. Walter Muir Whitehill, President and Mrs. Charles E. Mason, Jr. and Mr. and Mrs. Roland B. Hammond, Jr. Mr. Hammond is chairman of the Local Committee for the Stevens-Coolidge Place.

CONSERVATION VOLUNTEERS

Once again our program of Conservation Volunteers involved scores of younger persons at our properties across the Commonwealth. At Crane Beach, some 30 Ipswich High School students helped plant 6,000 culms of American beach grass to control erosion of the area's sand dunes.

Students from Saugus High School helped teacher Robert Tibbetts with the second year of a research program designed to learn more about the tern population of Castle Neck.

At Misery Islands, students from the Pingree School in Hamilton helped with the area's management program.

At the Norris Reservation, 20 Norwell High School students are involved in a limnological study of Second Herring Brook. We're also grateful to members of the Appalachian Mountain Club who each year help to maintain the beach area at Crane's free of litter. And at Chappaquid-

dick Island, young and old alike, all volunteers helped throughout the summer with the management of Cape Poge Wildlife Refuge and Wasque Reservation.

NAUMKEAG SYMPOSIUM

In what is becoming a welcome tradition, another symposium was held at Naumkeag in July. The speaker was Luther S. Mansfield, Professor Emeritus of American History and Literature at Williams College. His subject: Literary Life in 19th Century Berkshire County. Professor Mansfield charmed and fascinated more than 80 symposium guests with his accounts of Berkshire authors including Herman Melville, Nathaniel Hawthorne, Henry James and Edith Wharton.

After the lecture in the Carriage House, cocktails were served on the terrace overlooking Monument Mountain. It was a delightful occasion and we are immensely grateful to Professor Mansfield. His manuscript may be published in booklet form later this year in cooperation with the Berkshire County Historical Society. To Chairman Stephen V. C. Morris and to every member of the Local Committee who helped make the occasion a success, and especially to Mrs. Erastus Corning, Chairman of the Planning Committee for the event, we extend great thanks.

FILING AND RETRIEVAL SYSTEM

Two college students joined us this summer to help bring our filing system up-to-date and to gather material for the Master Plan files for each property. David W. Kunhardt of Dedham, a senior at Middlebury College in Vermont, and Jonathan B. Loring of Beverly, a freshman at Connecticut College in New London, spent the summer months travelling around the state collecting soil surveys, open space plans, maps, engineering surveys and information on land use, all an invaluable

part of our property management program.

Their accomplishments were many and the results are superb. We're most grateful to them both.

MASTER PLANS COMPLETED

During 1971, Master Plans for the protection of World's End, Misery Islands and Wasque Reservation and Cape Poge Wildlife Refuge were completed.

They represent an enormous contribution of hours and information from literally scores of knowledgeable volunteers. Without their efforts the plans could not have been compiled. Each plan contains an inventory of the area's natural resources, statistics indicating visitor demand now and in the years ahead, and, finally, proposals to protect the property's natural environment.

These Master Plans are also a vital part of management. Our hope is to publish them and make the information generally available. Meanwhile, the collection of material for Master Plans of other areas is underway. Priorities are arranged in order of immediate needs.

GOVERNOR'S ADVISORY COMMISSION ON OPEN SPACE

In 1968, following a conference on the Parkland Crisis in Greater Boston organized and presented by The Trustees of Reservations, the appointment of a special and continuing committee to become involved with the Commonwealth's need for open space and parklands was proposed.

The Governor's Advisory Commission on Open Space and Outdoor Recreation was created by Governor John A. Volpe a few months later. The Commission filed a formal report in 1970.

A year ago, operating at the direction of

Governor Francis W. Sargent, the Commission launched a survey of environmental planning in state agencies with an eye towards the need for one of its primary recommendations, the formation of a state-wide land use planning unit.

The study was conducted by James B. Cornell, a Fellow at the Center for Environmental Studies at Williams College. Mr. Cornell was given office space at General Headquarters of The Trustees of Reservations in Milton. The study was funded by the Center for Environmental Studies.

At a meeting in January, 1972, Commission members reviewed the planning survey and, in a letter to Governor Sargent, stated that further research had reinforced concern for the need for a state-wide land use planning unit.

The Commission proposed a meeting with His Excellency or a member of his staff to discuss the matter further. Two members of the Standing Committee of The Trustees of Reservations serve as Commission members. They are Peter L. Hornbeck and John M. Woolsey, Jr. Advisory Council member Charles W. Eliot, II is also a member, and Director Gordon Abbott, Jr. is Secretary of the Commission.

MAINTENANCE OF STRUCTURES

Our architectural and historic monuments are celebrated far beyond the boundaries of their native Massachusetts.

Three are National Historic Landmarks: The Old Manse in Concord, The Bryant Homestead in Cummington and The Mission House in Stockbridge.

Others, such as Castle Hill in Ipswich, designed by architect David Adler, and Naumkeag in Stockbridge, the creation of architect Stanford White with grounds and gardens by Nathaniel Barrett and Fletcher Steele, represent some of the nation's finest examples of landscape art.

But all of them, both museum houses and our working structures at areas such as Crane Beach or Rocky Woods, must be maintained. This is a vital responsibility. In 1971, a major decision was made at the Crane Reservation to undertake urgently needed repair of the Great House and surrounding landscape structures at Castle Hill. A Buildings and Grounds Committee with architect and Local Committee member George R. Mathey as Chairman surveyed the property and in April work began.

Chimneys, terraces, architraves and quion corners, retaining walls and balustrades were pointed and weatherproofed, repaired and restored. The roofs of both buildings in the Casino area were replaced to prevent complete deterioration. Today, the property has rarely been in better structural condition.

A part of the cost of these vital repairs was generously contributed by the Castle Hill Foundation, President David C. Crockett and Treasurer J. Perry Smith. To them and to the Directors of the Foundation we are most grateful.

There are still funds to be raised, however. They will be sought in a general appeal this spring.

The Great House has been called architect David Adler's masterpiece. As a magnificent representative of a grand era in American architecture it grows more fascinating and remarkable as the years go by.

Its landscape setting preserves the symmetry and formal elegance of history in perfect harmony with its natural surroundings.

Other structures also received maintenance attention. At The Bryant Homestead sills and foundation units were carefully restored. The house will be painted this

spring.

At the Stevens-Coolidge Place the barn was repaired, and, thanks to Standing Committee member Peter L. Hornbeck, a landscape architect, design improvements and simplifications were made in the garden area of the serpentine wall.

At Naumkeag and The Mission House maintenance needs continued to be met in the Chinese Garden, the Afternoon Garden, the Evergreen Garden and other landscape features.

SKATING LODGE AT ROCKY WOODS

At Rocky Woods Reservation in Medfield a rare and extraordinary Local Committee helped staff members meet increasing demands for shelter during the winter season by doubling the size of the skating lodge. With the exception of Castle Hill, these repairs, restorations and additions were accomplished primarily by our own skilled staff members.

This spring an exciting landscape project will begin at The Mission House where plans call for the establishment of a colonial orchard using fruit trees whose varieties date back to the early days of America.

ADMINISTRATION AND STAFF

One of the rare and remarkable resources of The Trustees of Reservations is its professional staff. We are immensely fortunate in these days when the quality of workmanship seems too often to have been forgotten, to have men and women whose personal standards of achievement are extraordinary, who are able to inspire those who work with them and who have a strong and continuing pride in the appearance of their properties and in the quality of service they provide the public. Once again a meeting of Superintendents from every region was held at the Crane Reservation in November. It was, as al-

ways, an immense success.

Next year, a new Superintendent will represent the North Andover and Andover sub-region with headquarters at the Stevens-Coolidge Place. He is Donald R. Buma who joined The Trustees of Reservations in January, 1972. A graduate of The University of Massachusetts with a Bachelor of Science degree in Plant and Soil Science, Mr. Buma is 25 years old. A veteran of the U. S. Navy, he has had experience in horticulture, arboriculture, as well as carpentry and the maintenance of structures.

Mr. Buma and his wife Rebecca will live in the cottage on Wood Lane at the Stevens-Coolidge Place. His management responsibilities include Weir Hill Reservation and the Ward Reservation in Andover, as well as the Stevens-Coolidge Place, some 600 acres in all.

Also in 1971, at General Headquarters, we welcomed Mrs. Priscilla E. Gardner who, with cheerful dedication, took over as the organization's Bookkeeper.

In March, Naumkeag Superintendent Stanley I. Piatczyc also welcomed to his staff Glenn A. Young, a Certified Massachusetts Arborist. Mr. Young attended the Stockbridge School of Agriculture at the University of Massachusetts.

Earlier, The Trustees of Reservations was saddened by the death of Charles A. Barnes, an employee of Naumkeag for more than 45 years.

In December, 1971, Oral A. Black retired from the staff of the Stevens-Coolidge Place. He had been employed there for more than 25 years.

At Rocky Woods, to replace a number of part-time personnel we also welcomed Stephen Bassett as a permanent employee.

At Naumkeag also, work opportunities were provided two youths through the Federal Neighborhood Youth Corps job

program, and Mrs. Ida Bell Mower also completed a first and successful year as Head Hostess.

At The Old Manse, Mrs. Carl R. Benton was appointed a head dormitory resident at Brigham Young University in Salt Lake City, and we were enormously fortunate to find that Mrs. Robert W. Bowen was willing to take over as Head Hostess. She does a remarkable job in this busy museum house which welcomes more than 20,000 persons yearly.

PROPERTIES INSPECTED

Twenty-two properties proposed for conservation were visited and were made subjects of study reports in 1971. In keeping with our policies, some were referred to state or local agencies and organizations.

FUTURE POLICY COMMITTEE

Like most corporate planning, ours is divided into short-range and long-range objectives. The latter is the responsibility of the Future Policy Committee. It proposed the present survey of landscape and natural areas in the Commonwealth and the accompanying 10-year open space campaign, and it will begin deliberations again in February, 1972.

It will be concerned with the basic role of The Trustees of Reservations and its contributions to the quality of the environment here in Massachusetts. It will discuss membership and the possibilities of more active involvement and participation by younger persons in our expanding activities. It will outline policies for the management and use of existing properties and discuss how their needs can best be met both financially and physically in the years ahead.

It will discuss the best and most effective methods for increasing the intensity of the program to acquire and protect significant open spaces in Massachusetts. And it will help determine how we can best work with other independent and public resources agencies to accomplish our goals. It will also deal, with the assistance and advice of the Treasurer, with long-range financial planning obviously crucial to the success of the organization in the years ahead.

In concert with the Committee on Interpretive Programs it will also help determine the emphasis and direction of our participation in the interpretation of the purpose of our properties for the thousands of persons who visit them yearly. There will, of course, be other subjects as well.

Chairman of the Future Planning Committee is John M. Woolsey, Jr. Members, appointed by Standing Committee Chairman Augustus P. Loring, are: Professor Charles W. Eliot, II, Professor Roland B. Greeley, Arthur M. Jones and Thomas L. P. O'Donnell. Mr. Loring also meets with the committee.

LOCAL COMMITTEES

A vital part of The Trustees of Reservations is its now 43 Local Committees. Their chairmen and their members play a crucial role in the management and protection of their properties. Many have special skills in the area of the environment which are invaluable. And on countless occasions throughout the year they contribute information, not only about their properties but about their communities which is vital to the responsibilities of the Administration and to the deliberations of the Standing Committee itself. We're most grateful to them all.

THANKS AND APPRECIATION

Finally, with sadness, we report the death of the following members of the corporation. Their interest and loyalty to The

Trustees of Reservations will be remembered always with thanks and appreciation.

Henry Hixon Meyer

Henry Lee Shattuck

Fletcher Steele

Their lives represent rare and distinguished records of achievement both in their professional fields and in the area of public service. Although we are saddened by their passing, we feel richer in spirit and in mind by their association with the purposes of The Trustees of Reservations.

OFFICERS AND STANDING COMMITTEE

This year two members of the Standing Committee will retire. They are the Hon. Francis W. Hatch, Jr., of Beverly and Arthur H. Phillips of Ipswich.

Mr. Hatch, a State Representative and Chairman of the Republican Minority in the House of Representatives, is a national figure in the field of conservation. An Act to protect the wetlands of the Commonwealth bears his name, and he has been a leader in almost every worthy program proposed to aid the environment in Massachusetts. We will miss his wise counsel and we wish him well.

Mr. Phillips retires after six years of service on the Standing Committee from 1966 to 1972. He also served the corporation wisely and well as Secretary from 1959 to 1965. A resident of Ipswich and a member of the Local Committee for the Crane Reservation, he has taken a special interest in the preservation of this unique natural area. His contributions here and his thoughtful judgment at meetings of the Standing Committee have been invaluable, as has his wide experience in public service as Director of the Cabot Foundation, Chairman of the Boston Industrial Mission, and President of The Associated Founda-

tions of Greater Boston. We are delighted he will continue as a member of the Advisory Council.

NEW STANDING COMMITTEE MEMBERS

As new members of the Standing Committee, we welcome Paul Brooks of Lincoln and Mrs. William C. Wigglesworth of Ipswich.

A distinguished environmentalist who has won national respect for his writings in The Atlantic Monthly and Harper's Magazine, Mr. Brooks has retired as an Editor of Houghton-Mifflin, Inc.

There he was associated with Miss Rachel Carson in the publication of *Silent Spring*. He is the author himself of *Roadless Area* and *Pursuit of Wilderness*. A new volume by Mr. Brooks entitled, *The House of Life:* Rachel Carson at Work, will be published in March. He'is also a Director of the Sierra Club.

Mrs. Wigglesworth is a graduate of Radcliffe College and Chairman of the college's annual giving program for alumnae. A former Trustee of the Shore Country Day School in Beverly, where she now teaches courses in remedial reading, she has been vitally and actively concerned with the development of the interpretive program at Crane Beach. As Conservation Chairman of the Ipswich Garden Club, she has been a leader in environmental programs in her community.

Joining the Advisory Council this year will be Henry Lyman of Cambridge. President and Publisher of *Salt Water Sportsman*, a national magazine devoted to sports fishing, distinguished Vice President of the New England Aquarium and Director of the Fund for the Preservation of Wildlife and Natural Areas, Mr. Lyman is widely known and respected for his knowledge of our fisheries resources and the shoreline environment. He is also an advisor to the National Marine

Fisheries Service and author of *Bluefishing* and co-author of *The Complete Book of Striped Bass Fishing*.

With warmth and anticipation we welcome them all aboard and we look forward to working with them in the years ahead. OUR MANY FRIENDS

We would also like to express our thanks

to all the many friends of The Trustees of Reservations, old and new, whose loyalty and support mean so much to the cause of conservation throughout the Commonwealth and continues the dedication, spirit and ideals which created the organization and have made its accomplishments possible over the past 81 years.

Rose garden at the Stevens-Coolidge Place in North Andover. The property is participating in a new program designed to interpret for students in the community's school system the town's historic past.

Reservations

AGASSIZ ROCK RESERVATION

Manchester - 110 acres

LOCAL COMMITTEE

Chairman: Miss Frances L. Burnett Mrs. E. Sturgis Hinds, G. Endicott Putnam, George Putnam, Jr. and Daniel F. Slade

Agassiz Rock Reservation, whose huge boulders tell a fascinating story of glacial times, was acquired by The Trustees of Reservations in 1957. The original 28.8 acres and an endowment of \$5,000 were given by Arthur W. Stevens. In 1958, Mr. Stevens gave another 46 acres. In 1960 and 1961, 7.8 acres and 2.72 acres were purchased by The Trustees of Reservations. Samuel Knight & Sons Co. gave 6.17 acres in 1962. And in 1963, four acres were purchased with funds provided by area residents.

An additional acre of woodland was given in 1964 by Miss Doris E. Peabody and Mrs. John B. Warner in memory of their grandfather, William A. Stone, and their great uncle, Charles H. Stone. Approximately three acres of woodland were acquired in 1965 through the generosity of Edwin F. Butler of Manchester, Roland E. Butler of Maine and Dorothea Butler and Barbara Babin, both of Michigan. The land was given in memory of Nelson A. Butler, formerly of Manchester.

Whitney and Thayer Woods, where rhododendrons and azaleas bloom on Milliken Memorial Path and Turkev Hill (187 feet) looks out over Cohasset Harbor and the tall spire of Minot's Light, was first established in 1933 with a gift of 643 acres and endowment of \$10,000 from the Whitney Woods Association. In 1935, Bancroft Sanctuary, 25 acres, was given by the Federation of Bird Clubs of New England. Mrs. Hugh Bancroft gave 20 acres in 1937. Charles B. Barnes and family gave 10 acres in 1941. In 1943, Mrs. Ezra Thayer gave 28 acres in Hingham. Joseph Sapanaro gave eight acres in 1950. From 1944 to 1961, 184 acres were purchased. For military reasons, the Federal government has taken 135 acres. In 1965 and 1966, Mrs. Kenneth L. Ketchum gave 11.7 acres.

World's End, whose dramatic topography and magnificent landscaping (designed in 1890 by Frederick Law Olmsted) have won admiration for more than half a century, was acquired by The Trustees of Reservations in 1967. In an extraordinary effort, some \$450,000 was raised from public subscription, primarily in Hingham

and on the South Shore, to assure its preservation as an open space area. In 1972, 2.3 acres of salt marsh were added to the property, thanks to the generosity of Mr. and Mrs. William A. Walker of Hingham.

History and Organization

In 1890, long before the present national interest in the environment, a young land-scape architect returned from study in Europe with a deepening concern for the need to preserve the natural beauty and historic traditions of his community.

Early that year, Charles Eliot (1859-1897), just 31 years old and son of Charles W. Eliot, then President of Harvard University, proposed the establishment of an organization "to hold small and well distributed parcels of land, just as the Public Library holds books and Art Museums pictures for the use and enjoyment of the public."

The Trustees of Reservations were incorporated by the Massachusetts General Court a year later (Chapter 392, Acts of 1891) "for the purpose of acquiring, holding, arranging, maintaining and opening to the public, under suitable regulations, beautiful and historic places and tracts of land..."

Today, The Trustees of Reservations are custodians for 53 open space and historic areas from the Berkshires to Cape Cod. They total more than 11,400 acres of seashore and woodlands, rivers and streams, wetlands, marshes and wildlife refuges.

ACQUIRING LAND

The Trustees of Reservations acquire land for open space, natural areas or historic preservation either by gift or purchase. Gifts of land may be received either by deed or by legacy from the donor. When property is purchased, The Trustees of Reservations depend upon contributions to help defray the cost. Gifts of either land (at fair market value) or money qualify for Federal income tax deduction up to 50 percent of the donor's adjusted gross income. The Trustees of

Reservations may also acquire conservation or preservation easements or restrictions.

MUSEUMS OF THE MASSACHUSETTS LANDSCAPE

It is the policy of The Trustees of Reservations to acquire and maintain reservations of distinctive character which represent special features of the Massachusetts landscape and satisfy a wide range of public interests. They vary from a magnificent summer mansion of the 1890's with its formal gardens, to acres of wild beach and salt marsh, or wooded hillsides and quiet river banks within minutes of downtown Boston. The houses, for the most part, are museums, architectural examples of their time. Three are National Historic Landmarks. The lands are left as natural areas, to be enjoyed for their plants and flowers, their topography and wildlife and the scenic beauty they provide. Many of these open space areas have unique botanical, geological and ornithological features. They are, in fact, museums too, but of the out-of-doors.

PARTNER IN PRESERVATION

During the past 81 years many generous and thoughtful property owners have been moved by a sense of concern for the future and a deep affection for their land. They have found in The Trustees of Reservations a partner in their aim for preservation, whose integrity and consistency of purpose has withstood the test of time.

Today, their properties - meadows and streams, woods and ponds, salt marshes and seashores, green hillsides and cool valleys - are protected forever. And, as each day passes, they become more important in preserving the quality of our environment.

LEADERSHIP IN CONSERVATION

From the beginning, it 'as been an aim of The Trustees of Reservations to encourage the acquisition and protection of open spaces by government and other conservation agencies. A year after its birth, the organization led the way to the creation of a Metropolitan Park system for Boston, the first of its kind in the Nation. In 1956, it contributed to the passage of the Bay Circuit Act designed to create an outer system of open spaces around Metropolitan Boston. And in 1968, following a conference on "The Parkland Crisis in Greater Boston," it proposed the establishment of a special Commission to study parkland needs throughout the Commonwealth. The Governor's Advisory Commission on Open Space and Outdoor Recreation was created by Executive Order a few months later. The Director of The Trustees of Reservations and three of its board members serve on the Commission. Today, as always, The Trustees of Reservations enjoy a close relationship of purpose with State and Federal resource agencies - the National Park Service, the U.S. Fish & Wildlife Service, the State Department of Natural Resources, the Metropolitan District Commission, the Metropolitan Area Planning Council and other regional planning agencies, as well as state-wide and local conservation organizations concerned with the protection of natural resources and the preservation of open space areas.

ORGANIZATION

Besides the general membership, there are some 150 members of the corporation, traditionally called "Trustees." The organization's governing board is its 14-member Standing Committee which meets monthly. There is a small paid staff.

For each Reservation, with some exceptions, there is a Local Committee. Its members are usually residents of the area in which the Reservation is located. They provide a vital interest in its care and may help administer and oversee it as circumstances require.

Membership and Gifts

With the expansion of population and the growth of the economy, open space is rapidly disappearing. Planners estimate that, ideally, about 25 percent of the land in a community should be preserved. Most cities and towns today have set aside less than five percent of their shores and woodlands, wetlands, marshes and wildlife areas.

If the quality of our environment is to be maintained the acquisition of new lands must be accelerated. No less important, of course, is the wise and efficient management of open space areas now in existence.

The Trustees of Reservations receives no public funds. It relies for support on voluntary subscriptions, income from endowments and limited admission fees. Contributions are earnestly needed to help carry on the work of the present and meet the challenge of the future. You may join The Trustees of Reservations in any of the categories listed below, and, if you wish, assign your membership contribution to the Reservation of your choice. A membership entitles you to receive all publications. A newsletter keeps you up-todate on conservation activities. All contributions are deductible for Federal Income Tax purposes.

Member \$10 to \$24 Contributing Member \$25 to \$99 Sustaining Member \$100 to \$999 Founder \$1,000 or more

TAX POINTS OF INTEREST

Contributions to The Trustees of Reservations are now deductible for Federal income tax purposes up to 50 percent of adjusted gross income; Contributions of appreciated securities held more than six months are deductible at fair market value, but only to the extent of 30 percent of adjusted gross income (but look out for certain kind of preferred known as "Section 306 stock");

Contributions in the forms of loans which are periodically forgiven by the lender are deductible. Accordingly, a donor may convey lands to The Trustees of Reservations in exchange for promissory notes which the donor can forgive and deduct periodically;

Contributions of an undivided portion of the donor's real property are still deductible;

In a bargain sale of appreciated securities, the donor must now allocate part of his or her cost basis to the gift, resulting in a capital gains tax, although the full value of the gift can still be deducted.

Needless to say, contributors should consult their lawyers or accountants when making gifts of size or complexity. The Trustees of Reservations will gladly cooperate in all such cases.

Mr. Richard L. Frothingham, Treasurer The Trustees of Reservations Milton, Massachusetts

Dear Mr. Frothingham:

I have examined the Balance Sheet of The Trustees of Reservations as of October 31, 1971 and the related Statements of Income and Expense and Changes in Funds for the year then ended. My examination did not include, however, an audit of the books, accounts and records of certain locally handled reservations, namely, Rocky Woods Reservation. The Old Manse and Stockbridge Mission House; otherwise the examination was made in accordance with generally accepted auditing standards, and included such tests of the accounting records and other auditing procedures as I considered necessary in the circumstances.

Subject to the foregoing comments, I hereby certify that the accompanying Balance Sheet and Statements in support thereof present fairly the financial position of The Trustees of Reservations at October 31, 1971 and the results of its operations for the year then ended in conformity with generally accepted accounting principles consistent with that of the preceding year.
